Operating Revenue (B1 - B24)

DO NOT REPORT CAPITAL REVENUE IN THIS SECTION. They are reported as Item #C37. Examples of revenue to be used for major capital expenditures include funds received for (a) site acquisitions; (b) new buildings; (c) additions to or renovation of library buildings; (d) furnishings, equipment, and initial book stock for new buildings, building additions, or building renovations; (e) library automation systems; (f) new vehicles; and (g) other one-time major projects. Include federal, state, local, or other revenue to be used for major capital expenditures. Exclude revenue to be used for replacement and repair of existing furnishings and equipment, regular purchase of library materials, and investments for capital appreciation. Exclude contributions to endowments, or revenue passed through to another agency (e.g. fines) or funds unspent in the previous fiscal year (e.g., carryover). Funds transferred from one public library to another public library should be reported by only one of the public libraries.

E-rate -- If there is an invoice sent to the library that indicates the amount of the e-rate discount (i.e., supported by documentation), then the library can report this as an expenditure under Other Operating Expenditures (Item C28 or C30). In such a case, the library should also report the e-rate funds that supported the discount in Other Operating Revenue (Item B15)). If no such documentation can be identified, then the amount should not be reported as either revenue or expenditure.

Outreach Vehicles (F1 - F5)

An outreach vehicle is a vehicle used principally to provide personalized library services to individuals and groups at remote locations. The vehicle does not have an organized collection separate as in the case of a bookmobile. Staff will deliver and pick-up library materials specifically for patrons who are for any reason unable to visit the library in person. An outreach vehicle may also be used for programming at daycare centers, schools, senior centers, etc.

Bookmobiles (G1 - G11)

A bookmobile is a traveling branch library. It consists of at least all of the following:

- 1. a truck or van that carries an organized collection of library materials;
- 2. paid staff; and
- 3. regularly scheduled hours (bookmobile stops) for being open to the public.

INFORMATION FOR EACH BOOKMOBILE:

Add a new group for each bookmobile in the county.

Bookmobile Hours (G9a-G9g) - Count only the daily hours during which the bookmobile is open to the public. Do not count travel time. Hours on the road per week is reported in item number G9

Library Staff (J1- J09)

Report figures as of the last day of the fiscal year. Include all positions funded in the library's budget whether those positions are filled or not. To ensure comparable data, 40 hours per week has been set as the measure of full-time employment (FTE). For example, 60 hours per week of part-time work by employees in a staff category divided by the 40-hour measure equals 1.50 FTEs.

Librarians are defined as persons with the title of librarian who do paid work that usually requires professional training and skill in the theoretical or scientific aspects of library work, or both, as distinct from its mechanical or clerical aspect.

Report the number of **licensed** databases (including locally mounted or remote, full-text or not) for which temporary or permanent access rights have **been acquired through payment by the library, or by formal agreement with the State Library or a cooperative agreement within the state or region.** A database is a collection of electronically stored data or unit records (facts, bibliographic data, abstracts, texts) with a common user interface and software for the retrieval and manipulation of the data. Note: The data or records are usually collected with a particular intent and relate to a defined topic. A database may be issued on CD-ROM, diskette, or other direct access method, or as a computer file accessed via dial-up methods or via the Internet. Subscriptions to individual electronic serial titles are reported under **Current Electronic Serial Subscriptions**, **K8.** Each database is counted individually even if access to several databases is supported through the same vendor interface.

Circulation (L1 - L52)

Count as circulation material that is charged out for use outside the library. Include renewals and interlibrary loan transactions that are borrowed for users.

Computer use is not circulation. Neither is in-house use or items checked out to another library. An item checked out counts as one item, no matter how many uses are subsequently made of that one item.

Programs (O1 - 056)

A program is any planned event which introduces the group attending to any of the broad range of library

services or activities or which directly provides information to participants. Programs may cover use of the library, library services, or library tours. Programs may also provide cultural, recreational, or educational information, often designed to meet a specific social need. Examples of these types of programs include film showings, lectures, story hours, literacy, English as a second language, citizenship classes, and book discussions. Count all programs, whether held on- or off-site, that are sponsored or co-sponsored by the library. Exclude programs sponsored by other groups that use library facilities. If programs are offered as a series, count each program in the series. For example, a film series offered once a week for eight weeks should be counted as eight programs.

Note: Exclude library activities delivered on a one-to-one basis, rather than to a group, such as one-to-one literacy tutoring, services to homebound, resume writing assistance, homework assistance, and mentoring activities.
