(859) 781-6166**

**REQUEST FOR PROPOSAL  
FOR REMOVAL AND REPLACEMENT  
OF LIBRARY MARQUEES**

**BID/RFP ADDENDUM/CLARIFICATION #2**

The attached pages provide clarifications addressing questions regarding the Request for Proposal.

1. The Campbell County Public Library asks that the Contractor be responsible for removing all debris (including the original non-electronic marquee) and disposing of this material as part of the proposed cost.
2. The Library requests that all exterior surfaces of the frame/cabinet of both the banner area and the display area be powder-coated aluminum. The powder-coating of all exterior surfaces should match, in terms of color. The Library will not specify a color. The Contract may use any stock color that is provided by the manufacturer as long as all exterior treatments of any framing/cabinet match.

Any questions or clarifications about this change should be directed to:
