Build a Better World. That's the theme of this year's Summer Reading program, but it also sums up the work Friends of Campbell County Public Library do every year. The Friends, a nonprofit, equal-opportunity group with 501c3 tax-exempt status, work to improve Library services, materials and facilities. And the Friends generously sponsor Summer Reading and all the great programs and events you'll read about in this booklet. Thanks so much to the Friends for all they do for the Library and Campbell County. And, yes, for the world.

YOUNG ONES

1,000

**BOOKS BEFORE
KINDERGARTEN**

Give your newborn, infant and toddler a head start into kindergarten by reading 1,000 books to them. Pick up a 100-circle chart to track how often you read to your child. Your child can earn stickers and prizes while developing a love of learning.

To find recommended books, search “books before kindergarten” in the Library’s catalog. Find children’s books by author’s last name in the children’s section of the Library.

1 To begin: Stop at any branch to pick up a paper reading record or download the 1,000 Books Before Kindergarten app available for Android and iOS users.

2 Track your reading: Fill in a circle for each book you read with your child on your reading record or keep track with the app.

3 Every book counts: If your child wants to hear the same book again and again, you can count it each time. You can also count the books your child hears at Library programs, daycare, preschool or with a friend or family member.

4 100-book milestones: For the first reading record you complete, you will receive a sticker and a Reading Passport. With each 100-book milestone, you will receive a sticker and the prizes listed in the passport. We stamp the passport each time you complete a 100-book reading milestone.

5 1,000 books: You did it! Come celebrate at the Library, receive your certificate and a free forever book!
