## SUMMER READING 2020

We started online programming in April and May – and now we're ready for Summer Reading! It will be different for sure, but check it all out on pages 4-11. You'll find lots of ways to participate, have fun and earn prizes. We're celebrating summer in ways to keep us all as safe as possible.

## Check it out

### Free shredding & chance to help

Get rid of confidential documents safely and help make toilet paper at the same time!

Document Destruction will have a truck available to shred confidential documents for free from 10 am to noon on **Saturday, June 13**, at the Carrico/Fort Thomas Branch. The shredding service will promote social distancing and nobody will need to leave their cars. Document Destruction will place your papers directly into the shredding truck. All items are shredded into confetti while you watch. The process is safe, secure and free. All shredded paper is recycled, which includes making much-in-demand toilet paper. Document Destruction is NAID certified and accredited for document shredding.

## Board of Trustees Meeting

The Campbell County Public Library's Board of Trustees meets at 5:30 pm on the third Wednesday each month. Depending on coronavirus restrictions, the meeting could be on YouTube or in person. Visit our website for the most current information. If in person, branch locations for upcoming meetings are:  
June 17: Alexandria  
July 15: Cold Spring  
August 19: Newport

## We suggest

### STAFF RECOMMENDATIONS: SCI-FI FAVORITES

**Saga** by Brian K. Vaughan \*for mature audiences only\*

Alana and Marko are from two separate sides of an intergalactic war. After having a baby, they risk everything to find happiness among the violence.

– **Cassie Fischer, information services assistant, Carrico/Fort Thomas**

**Enders Game** by Orson Scott Card

Gripping with a powerful ending.

– **Amy Carroll, adult programming coordinator**

**Fahrenheit 451** by Ray Bradbury

It was the first classic I ever read. I read it in protest of the lack of classic literature on my school's curriculum. I think that's pretty appropriate.

– **Lisa Kuhn, patron services assistant, Newport**

**The Gone World** by Tom Sweterlitsch

A special agent wades into a murder case that could put the fate of mankind in the balance.

– **Beth Eifler, collection services coordinator**

**Uglies** by Scott Westerfeld

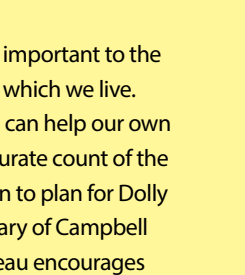

In this not-so-distant future, you can undergo a surgery on your 16th birthday that makes you a Pretty. Tally soon learns that the dark side of the Pretty world is anything but.

– **Danielle Turner, branch services assistant, Alexandria**

**An Absolutely Remarkable Thing** by Hank Green

Hank is John Green's brother, but their writing styles are VERY different. (I prefer Hank!) April May finds a strange statue on her way home one night, and jokingly makes a video with it where she names it Carl. In the morning, it turns out that Carls have appeared all over the world, and they all tie in to one big alien mystery.

– **Danielle Heiert, patron services assistant, Cold Spring**

## Be Counted in the 2020 U.S. Census

The time has come for the once-a-decade population count. America has come a long way in counting everyone. This year it's easier than ever since online responses will be the primary form of collection, especially now, with government recommendations to stay-at-home. Visit [2020census.gov](https://2020census.gov) to complete the census questionnaire and support your local community. Responses are safe, secure and protected by federal law.

Counting every person is important to the library and the regions in which we live. For example, census data can help our own library as we need an accurate count of the number of young children to plan for Dolly Parton's Imagination Library of Campbell County. The Census Bureau encourages completion of questionnaires online using your smart phone, tablet or computer, or returned by mail, and says it takes about 10 minutes to complete.

## Amnesty Update

Prior to Amnesty for All, which was announced last month, anyone who owed the library more than \$10 could not use the library's computers or check out any items. All fines for overdue materials or fees charged for lost or damaged items have been forgiven prior to March 14 when we closed due to the Coronavirus.

We don't want any barriers to stand in the way of people who need to use the library's services when we reopen. We will not begin to charge fines for overdue materials until we fully reopen.

Literally thousands of items are currently checked out. If you have an item, it's likely someone else would like to borrow it, too. Please return

materials as soon as you can. Even though we are not currently charging fines, please understand:

- 1) You are still responsible for returning your items. Returning items that are checked out allows other patrons to enjoy them (after the quarantine period, of course).
- 2) We will remind you to return your items but your account will be blocked from further checkouts once an item is more than 35 days overdue.
- 3) Items more than 60 days overdue will be considered lost and we will bill you for their cost.

We hope everyone will be able to enjoy library privileges for a long time.

**AMNESTY FOR ALL**  
**You're fine**  
**(and fine free).**

## We're Open for Curbside – and maybe more!

As of press time we are only offering curbside pickup services, but we are hopeful that we can open our doors to the public sometime in June. Curbside services are available at all four of our branches (Cold Spring, Fort Thomas, Newport and Alexandria). For the time being, and when we are able to reopen our buildings to the public, these will be our new hours:

- **11 am – 7 pm**  
**Monday, Wednesdays and Fridays**
- **1 pm – 5 pm**  
**Saturdays**
- **Closed Tuesdays, Thursdays and Sundays.**

Here's how curbside delivery works:

Browse our collection online and place desired items on hold. If you're not sure what you want to check out, call our Google Help Line (859-474-5022) and our librarians can suggest titles based on what you like to read, or help you use Novelist for suggestions.

We'll call, email, text or mail you when your holds are ready for pickup. Then drive to your selected branch. Park in one of the designated parking locations for pickup and call the phone number of the branch (that's on the sign). Let us know which spot you're in and verify your library card number. Please remain in your car and a staff member will bring your items out to you and place them in your trunk.

Please place all returned items in the Item Return bins that are outside each of our branches. All returned items go into quarantine. Your account is not credited with returns until after the quarantine period, which is why we are not assessing fines for overdue materials at this time. Diligence and flexibility are essential these days. Just know that we're ready to serve you and help you use the library in the safest way possible.

# SUMMER READING 2020

## Imagine Your Story Indeed

Summer reading themes are selected by the American Library Association literally years in advance. Who could have foreseen that this year's theme, "Imagine Your Story," would encompass so much meaning in 2020?

Librarians are a pretty tech-savvy bunch, but shifting gears from in-person socially oriented programs to ideas that could be executed in a digital world was a pretty big jump. We've bridged the digital world and have many fun, engaging and educational events planned for Summer Reading. And yes, there are still lots of chances to read and participate to win cool prizes all summer long.

For June, programs are divided by ages (adults, pages 5-7; teens, pages 8-9; and children, pages 10-11) into three main categories: Zoom, Take & Make programs and YouTube videos. Be sure to check our website for details at [www.cc-pl.org](http://www.cc-pl.org).

## How to Win

Register for Summer Reading online through **Beanstack** to win prizes. To learn more about registering for Beanstack visit [www.cc-pl.org/beanstack](http://www.cc-pl.org/beanstack).

## What's Beanstack, you ask?

It all started last year with a patron who asked how he could participate in Summer Reading rewards since he was an e-reader who frequently used our online services but rarely came into our buildings. Hmm. Our staff started doing what librarians do – research a question and find a solution. Timing turned out to be perfect because this year everyone needs to track reading hours online to earn prizes.

Beanstack is an app that can be downloaded or accessed through our website. Beanstack allows you to track your reading and earn prizes by participating in reading challenges. You can register

# Beanstack

as an individual, family or classroom. Beanstack also has the ability to send you book recommendations based on your profile information and reading habits.

The app, Beanstack Tracker, can be downloaded to your phone or tablet. To register on the app, select "Find Your School or Library" and enter "Campbell County Public Library" in the search bar. Your search may return results for multiple libraries, so we recommend looking for our logo to make sure you have the right one.

# Adults

## Read & Win

Read five hours to enter weekly drawings. You can track your hours online through Beanstack. Learn more at [www.cc-pl.org/beanstack](http://www.cc-pl.org/beanstack).

## Looking ahead at the library

We hope we're not  
being overly  
optimistic,  
but we're are  
still planning on  
having  
two end-of summer  
events. We hope to  
have our **Art After Hours**

art exhibit at the Carrico/Fort Thomas Branch on July 31 and an  
End of Summer Reading celebration on Saturday, Aug. 1 — if we  
can have those events safely and according to the governor's  
recommendations. Look for the July newsletter or online to see if  
we are able make that happen. Let's hope we can all get together  
for music, food and fun activities at both events!

### ADA Compliance Statement
