

## About Connect the Dots:

The Connect the Dots training and visuals were created by Department for Community Based Services (DCBS), Division of Child Care (DCC) in collaboration with Early Childhood Comprehensive Systems Grant and the Early Childhood Mental Health Program (ECMH) through a series of focus groups and interviews with early childhood professionals across the state. Focus groups took place in June, July and December 2015. Trainings, supplemental materials, and visual aids were piloted January 2016 through July 2016. Current version of Connect the Dots training presentation and Connect the Dots resources were finalized in August 2016. Stein Group LLC and Diana Koonce created the specialized graphics , visual aids and website per focus group and partner recommendations. The materials continue to evolve as new evidenced-based practices and tools become available.
