STAFF RECOMMENDATIONS:

AUDIOBOOKS FOR SETTING A SPOOKY (OR SCARY) MOOD

Odd Thomas by Dean Koontz

Read by David Aaron Baker, *Odd Thomas* is the perfect creepy tale. Filled with silent ghosts carrying a warning of imminent and violent danger, this book is, like so many of Koontz's stories, a fast-paced and thrilling tale.

— Amy Carroll, adult/teen programming coordinator

Heart-Shaped Box by Joe Hill

Joe Hill's first book follows a musician named Judas who is a collector of morbid oddities. When he comes across the funeral suit of a dead man, he becomes haunted by his ghost. He later discovers a personal connection with the deceased man. An intriguing and intense read, it's full of plot twists.

— Brittany Parr, children's services programmer, Cold Spring Branch

War of the Worlds by H.G. Wells

On Halloween 1938, a radio station adapted the book to create a fake news bulletin that described an alien invasion in New Jersey. Some listeners mistook it for reality, and their anxious phone calls to police, newspaper offices and radio stations convinced many journalists that the show had caused nationwide hysteria.

— Cody Elliot, adult/teen services programmer, Newport Branch

In the Woods by Tana French

Three missing children are found gripping a tree trunk in terror, wearing blood-filled sneakers...and unable to recall a single detail of the previous hours. THAT makes for a good, scary mystery story!

— JC Morgan, library director

Curbside Trick or Treat

Make your way to our branches this October and you may encounter ghouls, goblins and ghosts—at least, the costumed kind. The library is brewing up spooky fun with Curbside Trick or Treat from 6-7:30 pm Saturday, Oct. 16 at three branches: Cold Spring, Carrico/Fort Thomas and Newport. Come in costume and visit different stations

with candy and prizes without leaving your car. Walkers are also welcome, just be mindful of traffic and social distancing. Library staff will be dressed as their favorite characters and creatures. We will even have a fun surprise for adults! The rain date is Oct. 30.

Story Time in the Park

Soak in nature and theatrical arts at this year's Story Time in the Park. The Children's Theatre of Cincinnati will take the stage at the Tower Park Amphitheater in Fort Thomas at 10 am Friday, Oct. 8 to perform *Jacqueline and the Beanstalk*, a twist on the classic folk tale. Families can bring their own chairs and blankets as seating. Are you ready to follow Jackie up the beanstalk?

Meet Our New Board Member

Our Board of Trustees welcomed new member Kelley Raleigh in September. A resident of Cold Spring, Raleigh has a master's in marketing and a bachelor's in chemistry from the University of Tennessee. She has held leadership positions with corporations across the United States, including PepsiCo, Dannon Yogurt, Samsung, Nabisco, and, currently, Zeitgeist Research.

"A public library is an investment into the future of the community it serves," Raleigh said, adding that libraries can function as sources for inspiration, education and connectivity for the community.

A professor of English at Northern Kentucky University and Bellevue resident, Jonathan Cullick renewed his term as treasurer. He previously served the unfulfilled term of Carla Landon.

Both Raleigh and Cullick's term will expire on Sept. 30, 2025. Exiting the board is former vice president Christie Fillhardt.

2020-21

ANNUAL REPORT TO THE COMMUNITY

BY JC MORGAN, DIRECTOR

Five years ago, the library made a commitment to the community in the form of a long range plan.

The plan included many initiatives gained from conversations with leaders and members of our community. We were delighted by the amount and quality of the feedback we received. We knew the plan would be difficult, but we stuck to it. At the end of that five-year period, we now see so many of the things we've accomplished.

Improving our Collection

The library seeks to continually improve the quality of its overall collection by expanding it to meet the changing needs of the community. One such area where we have seen tremendous growth is in our collection of eMaterials. More and more patrons have enjoyed the digital collection. There was a 15% growth in checkouts in the 2020-21 fiscal year, with nearly 201,000 eMaterials checked out.

Kindergarten Readiness

We made significant strides in our mission to improve kindergarten readiness in the county. In addition to weekly story times that focus on establishing early literacy skills, we have launched county-wide programs such as 1,000 Books Before Kindergarten and Dolly Parton's Imagination Library. The former celebrated its 5-year anniversary in May. Over 500 children have enrolled in the program, collectively reading 172,400 books.

Establishing New Roots

It is now easier to access the library than ever before. Library Express locations in Melbourne and Silver Grove allow for quick pick up of holds and return of library items. Our Alexandria Branch opened in January 2018, making library services truly available county-wide. The limited-services branch offers a smaller but more focused collection, meeting and study rooms, laptops, printing and more.

Navigating the Pandemic

The COVID-19 pandemic has proven that a strong community relies on people acting together for the good of all in the community. This can be seen first-hand with our participation in Coverings for Kids, an initiative to donate masks for students and school

faculty. Thanks to our community's generosity, we collected 24,467 masks for Campbell County schools.

Community Outreach

Expanding the library's reach goes well beyond our physical locations. Outreach visits in the county include childcare centers, farmers markets, resource fairs, after-school programs and local parks. When the pandemic temporarily halted such visits, we found new ways to reach community members of all ages. We delivered over 830 gifts to childcare centers this past winter that included a book, craft, stickers and library information. We took steps to help protect some of our most vulnerable patrons by expanding our popular home delivery service to allow for contact-free delivery by mail for those who are homebound.

Embracing Technology

We've embraced technology in new ways over the last five years. We added outdoor digital marquees to help keep people informed of library programs and services. We introduced Beanstack, an app that tracks your reading, to allow easier (and eco-friendly) access to some of our most popular programs like Summer Reading and 1,000 Books Before Kindergarten. Patrons can now receive training both at the

library and from home with our technology training service, AnyDesk.

Supporting Students & Educators

Our commitment to students and educators is strong. Book Care Packages allow students to obtain librarian-selected books and audio materials to help them with homework and research topics. Educators can also request items for use in their classrooms. Study rooms and computers are available to assist with

studying, tutoring or working on a group project. We subscribe to numerous online services that give access to online practice tests for Advanced Placement and college entrance exams.

The Next 5-years

All of us here at the library are proud of the work put into meeting your ideas for a better library system. Soon, we'll be forming another plan and, again, asking for your help in crafting it. We want to be the best library we can for you. Our community deserves it.

LOOKING AHEAD

Drop Your Drawers

Following a 1-year hiatus, our Drop Your Drawers campaign is back this November and December. The initiative aims to meet a crucial need for public schools in Campbell County: keeping emergency supplies of socks and underwear stocked. The library will collect new packages of socks and underwear of any size with a goal of 7,000 items. The campaign accrued over 10,000 donations in 2019. Start collecting donations now to help the library reach its goal and set a new record.

ADA Compliance Statement

The Library makes every reasonable effort to provide equal access to all patrons. Please contact access@cc-pl.org or call ext. 8 at your local branch at least 72 hours prior to an event to arrange for accommodation. All facilities and meeting rooms are ADA compliant.
